# High Quality Auto Spare Parts

— **Jeong sim** 正心 - Right mind

Treating all trading relationships with **right mind**

We will visit all customers with a steady, unchanged, right mind without distinguishing between major and minor customers. We might go around a little bit, but we will do our best to grow with customers with the right mind.

正直 - Honesty **Jeong jik**

Always providing the best quality with **honest standard** about quality of product and manage thoroughly follow-up management also

We will always satisfy customers' satisfaction with the best quality and customer service. We put the customers who are the starting point of management first, and always identify end consumer's requirements, and promise clear management according to rules and standards.

— **Jeong jin** 精進 - Going forward

**Going forward** hard for tomorrow better than today

We will be a company going forward, not staying. We will take good things with creative thought and improve what we lack to become a company that gets approval from the industry with righteousness management and one that leads the market.

**CARSTATION** is the flagship brand of **JK LUBE**, and will grow together with its customers, guided by the management principles of "JK 3 Jeong."

**We strive to create customer value and foster mutual growth.**

Building Long-Term Partnerships"

# CARSTATION Product Line-up

카스테이션 제품군

Powered by Innovation

CARSTATION provides a comprehensive lineup of filters, lubricants, and brake pads, delivering reliable quality and performance for global markets.

## Oil Filter

오일필터

Country of Manufacture - Korea  
 Applicable Vehicles - All Korean vehicles,  
 some Japanese and German vehicles  
 Brand Name - CARSTATION

## ECO Filter

에코오일필터

Country of Manufacture - Korea  
 Applicable Vehicles - All Korean vehicles,  
 some Japanese and German vehicles  
 Brand Name - CARSTATION

## Air Filter

에어필터

Country of Manufacture - Korea  
 Applicable Vehicles - All Korean vehicles,  
 some Japanese and German vehicles  
 Brand Name - CARSTATION

## Cabin Filter

에어컨 필터

Country of Manufacture - Korea  
 Applicable Vehicles - All Korean vehicles,  
 some Japanese and German vehicles  
 Brand Name - CARSTATION

## Fuel Filter

연료 필터

Country of Manufacture - Korea, China  
 Applicable Vehicles - All Korean vehicles  
 Brand Name - CARSTATION

## Brake Pad ASS'Y

브레이크 패드

Country of Manufacture - Korea  
 Applicable Vehicles - All Korean vehicles,  
 some Japanese and German vehicles  
 Brand Name - CARSTATION

## Engine Oil & ATF Oil

엔진오일 & 미션오일

Country of Manufacture - Korea  
 Applicable Vehicles - All vehicles that meet the specifications  
 Brand Name - CARSTATION

## Engine Gasket

엔진 가스켓

Country of Manufacture - Korea  
 Applicable Vehicles - All Korean vehicles,  
 Brand Name - CARSTATION

세계 수준의 기술력, 지속적인 성장과 혁신

# World-Class Technology Endless Innovation

**Research and Development**

Ongoing R&D to improve product quality and performance.

**Export to 26 Countries**

Supplying auto parts to 26 countries worldwide.

**Real-time Quality Monitoring**

Continuous monitoring to ensure consistent quality and reliability.

- + **Research & Development** : Ongoing R&D to improve product quality and performance.
- + **Global Export** : Supplying high-quality auto parts to 26 countries worldwide.
- + **Quality Assurance** : Continuous real-time monitoring to ensure consistent reliability.

## Sales Distribution

- Export - 87 %
- Domestic - 8 %
- Online - 5 %
- Export-driven with a strong and expanding global network
- Driven by a robust export network, accounting for 87% of total sales
- Expanding global presence while maintaining steady domestic and online growth

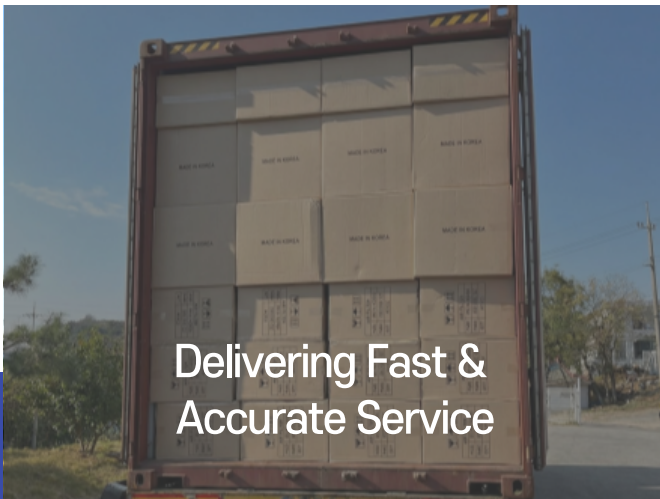

# Core Competencies for Shared Growth

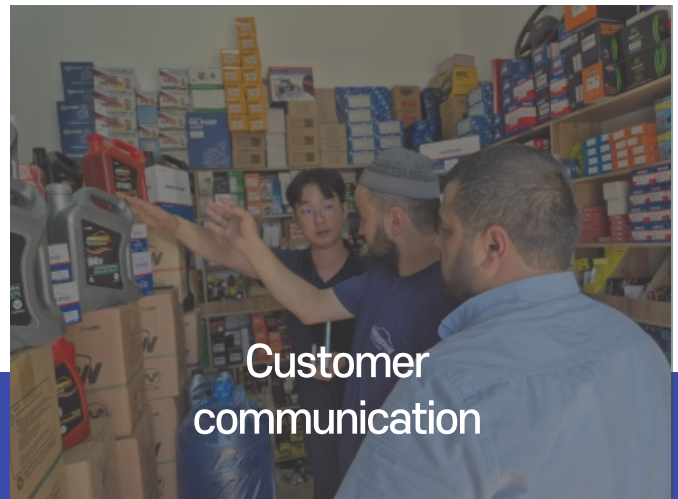

Global Flagship Network:  
Direct Presence in the Market  
Certified Brand Outlets for Premium  
Quality

Ensuring complete peace of mind through  
a comprehensive after-sales service  
system that guarantees long-term  
product reliability

Optimizing global supply chains to  
provide rapid, on-time delivery services  
that meet the urgent demands of our  
international clients

Fostering long-term strategic  
partnerships by prioritizing transparent  
communication and customized client  
solutions

# CARSTATION FILTER

## Powered by Innovation

Now, with our added production capacity we now can support a global market with the broadest offering of filter application. Our automated equipment produce the highest quality, giving our products the consistene, superior performance required for today's automotive applications.

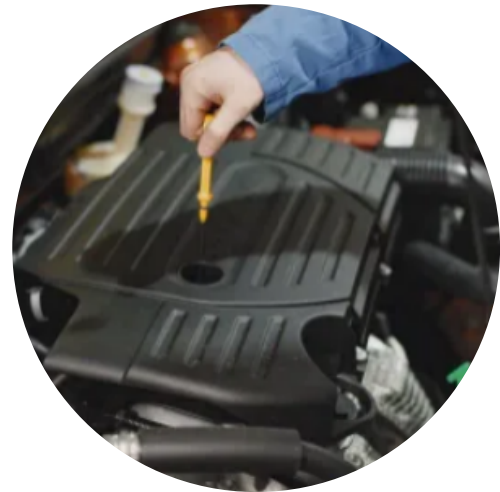

### High-Efficiency Micro-Filtration Technology

Combining high-performance filter media with a precision-pleated structure, it removes over 99% of contaminants while maximizing the filtration area for a significantly longer lifespan.

### Maintaining Optimal Engine Condition

By optimizing flow to improve fuel economy and offering rugged resistance to deformation, it protects your engine from damage and maintains peak performance.

### Pleasant Driving Environment & Eco-Protection

Delivering a fresh cabin environment by effectively filtering out pollutants, we showcase clean technology that allows both people and nature to breathe easy through the use of sustainable materials.

# In-House Manufacturing & Strict Quality Control

**Rigorous Full  
Inspection  
& Secure  
Packaging**

We select only products that have passed the strict testing standards of our in-house R&D center. Each product is packaged immediately after production to reach you in peak condition. With systematically managed process data, we guarantee comprehensive after-sales service.

# CARSTATION Engine Oil

## Powered by Innovation

CARSTATION engine oil is a premium product engineered to protect the engine and enhance fuel efficiency. Carefully blended at precise ratios through strict quality processes, it delivers smooth and refined driving performance.

### Advanced Production System

We produce engine oil swiftly and accurately by utilizing the latest automated filling and packaging facilities.

### High-Performance Oil Blending Technology

CARSTATION's unique formulation know-how prevents engine wear and maximizes engine output.

### Thorough Quality Control and Dispatch

We maintain the best product condition by meticulously monitoring the entire process from packaging to loading.

# CARSTATION Brake Pad

## Powered by Innovation

CARSTATION brake pads are premium products engineered with an optimized formulation to minimize noise and dust while maximizing braking performance. They provide a smooth pedal feel and powerful stopping force, delivering the best driving experience for drivers.

### Advanced Automated Production Line

We produce brake pads of uniform and superior quality through state-of-the-art facilities and automated systems.

### Exclusive Friction Material Formulation

By utilizing advanced nano-composite materials, this brake pad ensures driver safety through superior stopping power and consistently stable friction, even under the most extreme high-temperature conditions.

### CARSTATION Premium Brake Pad

Provides the ultimate driving experience with a smooth pedal feel and powerful braking force.
